**Managing the Holidays:** The holidays can be a joyous time of year for some and a stressful, sad, and/or lonely time of the year for others. It is important to be aware of the holiday blues and stress symptoms and recognize that these feelings are common at this time of year. Also, budgeting one's time and money for the holidays and dealing with grief or recent hardships need to be managed as effectively as possible. This month's HEWP information packet deals with managing the holidays from all of these aspects. The packet is available on the HEWP website:

### MERRITT ISLAND NATIONAL WILDLIFE REFUGE: Birding Optics Workshop 101

Confused by all the numbers and technical terms about binoculars? Are you looking for the perfect pair as a present? Optics enhance wildlife observation. Many people don't understand how to properly use optics, which results in not seeing the bird or animal sought. Merritt Island National Wildlife Refuge is hosting an optics workshop that will focus on the optics used for the increasingly popular pastime of birding. Long-time refuge volunteer, Cary Salter, who is a long time birder, will cover the basics of choosing and using binoculars and spotting scopes. He will discuss the pros and cons of many optic products, some of which will be available after the talk for hands-on tryout. Don't let terms like 'roof prism', 'multi phase correction coating' or 'eye relief' worry you. The approximately one hour long talk will cover everything you need to know when considering purchase of binoculars and spotting scopes. This free workshop is scheduled for Sunday, December 19 at 2:30 pm. Please meet at the refuge visitor center which is located on State Road 402, 5 miles east of US1 in Titusville. For additional information please contact Nancy Corona at 321-861-0668 or by email at [Nancy\\_Corona@fws.gov](mailto:Nancy_Corona@fws.gov)
